Defendants.

Objecting Lenders' Joint Status Report Regarding Their Objections to the Receiver's Motion for Allocation of Fees

Various Lenders ("Objecting Lenders") filed objections ("Objections", Dkt. 1210) to the Receiver's Motion for Allocation of Fees (the "Allocation Motion", Dkt. 1107). By Minute Order dated August 2, 2022 (Dkt. 1282), the Court directed those Objecting Lenders (except those Lenders who have resolved their issues with the Receiver) to file a Joint Status Report concerning the Objections.¹ Such Objecting Lenders are listed on Exhibit A hereto, and submit this Joint Status Report per the Court's direction.

The Objecting Lenders submitted Exhibits (R. 1210 - 1 to R. 1210-5) that detailed their respective Objections to the Allocation Motion. Those detailed Objections were submitted in pdf and excel formats, and set forth objections with respect to a specific property in which an

¹ U.S. Bank National Association, as Trustee for the registered Holders of J.P. Morgan Chase Commercial Mortgage Securities Corp., Multifamily Mortgage Pass-Through Certificates, Series 2018-SB50 and the Receiver are in the process of preparing a proposed court order regarding the disbursement of funds for the proceeds of the single claim properties at 6749-59 S Merrill (Property 65) and 7110-16 S Cornell (Property 66), Chicago, Illinois. As a result, those properties are not included in the list of outstanding Objections to the Allocation Motion.

Case: 1:18-cv-05587 Document #: 1287 Filed: 08/08/22 Page 2 of 6 PageID #:70889

Objecting Lender asserted a mortgage interest, and then applied those objections across the board to the other properties in which that Objecting Lender claimed an interest. The Objecting Lenders also objected to the Receiver's General Allocations through Exhibit E to the Objections (R. 1210-6).²

As set forth in their Objections, the Objecting Lenders recognized that the Court may agree with some categories of Objections or particular Objections that, due to time limitations, may not have been captured in detail on one or more of their respective Exhibits.³ To that extent, all of the Objecting Lenders adopted by reference each of the Objections as if asserted with respect to their collateral and asked the Court to apply its rulings uniformly to all such time entries. (Dkt. 1210, page 8 of 31).

In response to the Court's Minute Order, the Objecting Lenders submit the chart attached hereto as <u>Exhibit B</u> that shows the properties in which they claim an interest, the amount of fees the Receiver allocates to each such property, and, except as noted below, the specific line numbers in the Exhibits to the Allocation Motion to which they object. These line numbers include objections made by individual Objecting Lenders to fees the Receiver allocates to specific properties against which they claim a mortgage lien, as well as objections made by every lender to the Receiver's General Allocations applied across-the-board by the receiver to all of their collateral, as reflected in Exhibit E (Dkt. 1210-6).

 $^{^2}$ R. 1210 – 7 and R. 1210 – 8 related to the single claim properties that are not included in this Joint Status Report.

³ The Lenders attempted to coordinate their response to the greatest extent possible within the time permitted by the Court, but, due to time constraints and the enormity of the project, they were unable to combine their objections into a single exhibit. (Dkt. 1210, \P 6-9).

The objections identified in Exhibit D (Dkt. 1210-5) were previously prepared as a pdf document and not an Excel spreadsheet. After numerous attempts and extensive efforts, the parties have not been able to convert Exhibit D to an Excel spreadsheet or otherwise create a workable format to be able to identify specific line number objections on the timeline requested by the Court. More specifically, efforts to convert the pdf have resulted in repeated conversion errors. However, Exhibit D is a color coded exhibit with a key that identifies the basis of the relevant objection for each of the properties identified therein. (*See* Dkt. 1210-5 at pages 1-2 of 150). The parties will continue their efforts to provide an Excel spreadsheet and, if a solution is found, the parties will promptly submit to the Court.

The Objecting Lenders are prepared to further assist the Court in its review if so requested.

FN** - The objections identified in Exhibit D (Dkt. 1210-5) were previously prepared as a pdf document and not an Excel spreadsheet. After numerous attempts and extensive efforts, the parties have not been able to convert Exhibit D to an Excel spreadsheet or otherwise create a workable format to be able to identify specific line number objections on the timeline requested by the Court. More specifically, efforts to convert the pdf have resulted in repeated conversion errors. Exhibit D is a color coded exhibit with a key (see page 2 of 150 of Dkt. 1210-5) that identifies the basis of the relevant objection. The parties will continue their efforts to provide an Excel spreadsheet and if a solution is found, the parties will promptly submit to the Court.
